Hallo Clay

KAOLIN

Hallo Clay is renowned as one of the world's finest, whitest and purest clays.

Sourced from New Zealand's pristine Matauri Bay, this unique Halloysite Clay was formed through subtropical weathering of ancient volcanic domes produced some two to nine million years ago.

It's fine particle structure and freedom from mineral contaminants gives Hallo Clay a remarkable ability to absorb toxins and impurities from the surface of your skin – gently absorbing pollutants and exfoliating the skin.

Hallo Clay is used in our Cleansing Clay Peel and Deep Cleansing Mask, and as a thickener in our certified natural mascara.

It's a gift of purity and refinement from the earth itself.
