# Rose Oil

**ROSA DAMASCENA FLOWER OIL**  
ROSE OTTO OIL

**It's a perfect synchronicity that one of the world's most potent beauty serums is made from one of its most beautiful flowers.**

The scent of Rose Oil de-stresses, and its combination of over 300 nutrient compounds stimulates collagen production. It increases hyaluronic acid and elastin levels too, so your skin feels firmer and looks younger overnight.

These powerful therapeutic and anti-aging properties make Rose Oil an essential ingredient in our Radiance Night Oil. Since your skin uses sleeping hours to repair and renew itself, a drop of Radiance Night Oil will boost this natural process.

With 65,000 perfect rosebuds distilled into just 1ml, you really can bottle the world's ancient beauty secret.
